Controllable head angle

Display battery power remained

Using general battery

RGB signal LED

Waterproof

Personal Protective Equipment
Smoke permeable LED Lantern

PAF - 100

No.	Item	Contents
1	Power LED	- 10W LED - 1000Lm , Smoke Fluoroscopy, Max Illumination distance 400m - Brightness mode : HI , MIDDLE, LOW, SOS, STROBE
2	3 Color Signal LED	- RED, GREEN, BLUE
3	Laser Pointer	- 5mW Red Color Laser Pointer
4	Display battery remaining LED	- 5 Steps
5	Rescue Safety Mode	- Siren & LED lighting once not to sense vibration of device for 15 seconds - Display Safety Mode ON & OFF in LED
6	Head Angle Control	To control the angle from 75° ~ 180°
7	Detachable Clip	Detachable clip & ring
8	Power	- Rechargeable Li-Ion battery(PCM circuit inside 3.7V 2800mAh 18650Ð2pcs - Safety circuit inside protecting overcharging - Compensation charge inside - Run time : 3Hr ~28Hr
9	Smoke filter	- Smoke filter(Yellow-Amber , 620nm) - Window breaker combined
10	Housing	- Head, Window breaker : Aircraft Aluminum 6061 T6, Hard Anodizing - Body : High impact plastic for shock resist and heat resist
11	Waterproof	- IP65
12	Size / Weight	- 90° : 222 x 66 (Max Diameter) - 180° : 236 x 66 (Max Diameter) - 510g (Including Batteries)

Personal Protective Equipment

Smoke Permeable LED Lantern

PAF-100

- Safety circuit built-in high capacity battery(2600mA 18650 x 2pcs)
  - Min. 3Hr (Brightness 100%)
  - Max. 28Hr (Brightness 10%)

- RGB Color Signal LED (Red, Green, Blue)

- Laser Pointer (5mW Red color)

- Display remained battery power with 5 steps

- Controllable head angle

- Military Standard materials
  - Head, Filter , Hammer : Aircraft Aluminum 6061 T6, Hard Anodizing
  - Body : High impact plastic for shock resist and heat resist

▶ CREE 10W LED

Illumination Distance 400M / 1000Lm
Display remained battery power with 5 steps

▶ Smoke Permeable Filter

High transmittance filter for smoke, fog and dust
(Yellow-Amber , 620nm)

▶ Personal Safety Mode

Activate Siren with 3 steps(90dB) and Strobe
once not to sense vibration during 15 seconds

pharobit

▶ Laser Pointer

5mW Red Color
Distance of Identification : 100M

▶ Military Standard Materials

Head, Filter, hammer : Aircraft Aluminum 6061 T6, Hard Anodizing
Body : High impact plastic for shock resist and heat resist

▶ Adjustable Head Angle

Control Head angle from 75° ~ 180°
To keep the angle in safe from external impact

▶ Hammer for Window Breaking

Tactical Hammer

Protect cap of filter

Install the protect cap on the battery cap when using smoke filter

Install protect cap on the hammer when not using smoke filter

▶ RGB color Signal LED

Lights are changed with red, green and blue color in order
Distance of Identification : 1Km

▶ Charging Adapter
