

Vallfirest VF2 Bush Fire / Rescue Helmet

Australian Standard - AS/NZ 1801 TYPE 3

Introducing the all new Vallfirest VF2 AS/NZ is a lightweight protective helmet designed for specialised emergency service rescue operations including Bush/Wildfire-Fire Fighting, Vertical Rescue, Vehicle Extrication, and Urban Search and Rescue.

Tested and certified to AS/NZ 1801 Standard (Type 3), the Vallfirest VF2 combines Euro styling with clever design features to ensure strength and ergonomic comfort for the wearer.

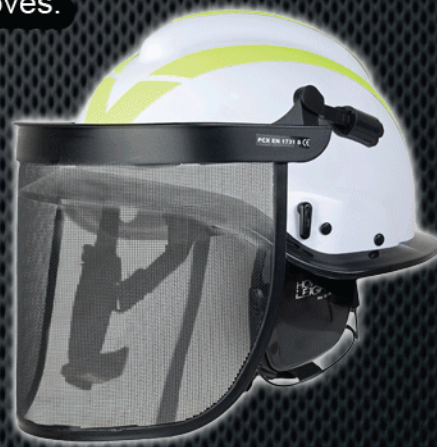

Moulded from high strength polycarbonate the VF2 shell offers superior protection, and balanced lightweight comfort. An innovative magnetic locking chin strap secures the three point chin harness to the shell.

VF2 caters for a wide range of head sizes from XS to XL. The fully suspended adjustable EPS head harness features a durable breathable padded fabric offering the best wearer comfort available in today's market. VF2 can be easily adjusted by a gloved hand without the use of tools or need to remove the helmet or gloves.
